SUMMARY

Dynamic and analytical MCA postgraduate with strong programming skills in Python, SQL, HTML, CSS and JavaScript. Proven ability to design innovative solutions like the AI-Wild Net project for real-time wildlife monitoring. Adept at teamwork, time management, and adapting to challenging projects. Well organized, creative and fast learner with high intellectual capacity. Seeking to leverage technical expertise to contribute to a forward-thinking tech organization.

EDUCATION

Master of Computer Applications

Gnanamani College of Technology, Namakkal

2023 – 2025

Bachelor of Science in Mathematics

Vyasa Arts & Science Women's College, Vasudevanallur

2020 – 2023

Higher Education

HNUC Higher secondary school, Puliangudi

2019 – 2020

TECHNICAL SKILLS

- **Programming Languages:** Python
- **Frontend:** HTML, CSS, JavaScript, Bootstrap
- **Database:** SQL
- **Web framework:** Django
- **Tools :** VS Code, GitHub

CERTIFICATIONS

- **Masterclass in Python programming** - in Pantech e learning pvt Ltd through online (2023)
- **Junior Grade Typewriting-** Government of Tamil Nadu (2022)
- **Workshop on Full stack web development** - MongoDB, Node.js and React.js in Gnanamani College of Technology (2024)
- **National level webinar : on a GUI way to learn Machine Language** - Machine Learning (2024)

PROJECTS

AI-Wild Net: An Automated System For Real-Time Wildlife Monitoring And Early Warning

- Developed a backend system using Python to process data and manage application logic.
- Developed a responsive web interface using HTML, CSS , JavaScript and Bootstrap to ensure accessibility and user engagement
- Designed and implemented a relational database using SQL for efficient data storage and retrieval.

SOFT SKILLS

- Stress Management
- Innovation
- Adaptability
